Cell: +880 1712 755278

Location: Gazipur, Bangladesh

Summary:

I have a strong interest in playing with code for frontend as well as backend in an organized way. I always try to read updates of trending technologies to keep me fit for the future. I am talented to work well both in a team as well as an individual and able to work well under pressure with maintaining deadlines. I am trying to step ahead to be an expert Frontend Developer gathering knowledge.
